**Organisation:** Europe Connexion

Dear Erasmus Project Coordinator,

I hope this email finds you well.

My name is Anna Maria Serafin. I am the Director and Project Manager of Europe Connexion, a Spanish company based in Cordoba - Andalusia, Spain - regarding a possible collaboration for future Erasmus+ projects.

At Europe Connexion, we specialize in coordinating and managing student and staff mobility for Erasmus Plus KA1.

We offer integration activities through a fully multicultural Erasmus+ experience.  
We organize two types of projects:

- Student mobility: We arrange internships for students of varying lengths (depending on your needs) in their educational and training areas, in collaboration with companies located in Cordoba;
  - Job shadowing for professors: A period of training where professors have the opportunity to gain familiarity with the Spanish working method and acquire knowledge and skills.
- I hope that this email may pique your interest and the needs of your students.

Thank you for your consideration, and we look forward to hearing from you soon.

Best wishes!

--

Anna Maria Serafin  
Director and Project Manager
